From: Katrina McCluney, Association Manager

Re: Virginia Beach Public Utility – **Water Shut Off Tuesday, July 14th at 9:00am**

Dear Resident:

The association was notified by Virginia Beach Water Utility that they will be replacing the water meter near Building #1 on Tuesday, July 14th at 9:00am. Per VB Utility, this will affect all buildings and units. The water will be placed on a bypass and will run intermittently and slower than normal. You may also experience a little air in the line. They will do their best to work as quickly as possible and have the water restored before the end of the day.

As always, if you have any questions or concerns, please do not hesitate to contact me at (757) 963-9276 or by e-mail kmcccluney@unitedpropertyassociates.com.
